

PRODUCT BRIEF Intel® Dual Band Wireless-N 7260 802.11 agn, 2x2, Dual Band Wi-Fi + Bluetooth 4.0\*

## Intel<sup>®</sup> Dual Band Wireless-N 7260

## Premium Wi-Fi. Exceptional Features. Great Connected Experience

The Intel<sup>®</sup> Dual Band Wireless-N 7260 802.11agn, dual band, 2x2 Wi-Fi + Bluetooth 4.0\* adapter delivers faster speeds (up to 300 Mbps<sup>1</sup>), greater range and more reliability. Combined 4<sup>th</sup> Gen Intel<sup>®</sup> Core<sup>™</sup> processors and exceptional Intel wireless innovations, the Intel<sup>®</sup> Dual Band Wireless-N 7260 reshapes your connected experience at work, home or on the go.

Premiu	ım 802.11agn Wireless		
802.11a	Speed Coverage Capacity gn, 2x2, Dual Band	Delivers up to 300 Mbps speed with dual streams (2x2) for better performance and connectivity in more places, through more walls, doors and floors. Use the power of dual band 5GHz to boost speeds and reduce congestion compared to older 2.4 GHz networks and devices.	
	Bluetooth 4.0* Smart Ready (Low Energy)	Dual mode Bluetooth 4.0 connects to the newest low energy Bluetooth products as well as your familiar devices, such as headsets, keyboard, mice and more.	
Intel <sup>®</sup> Power Optimizer <sup>2</sup>		Optimized power modes during periods of activity and inactivity to improve platform battery life for greater mobility and convenience. Dramatically lower power consumption than previous generation products.	
	HMC and M.2 Form Factors	Single sided HMC and M.2 modules support multiple connectors for flexible system configuration and platform usages. The new M.2 form factor delivers a smaller, lower profile, more flexible form factor for thin-and-light Ultrabook™, notebook and tablet designs.

	Instant Internet Worldwide Intel <sup>®</sup> WiFi Hotspot Assistant <sup>5</sup>	Delivers instant Internet connectivity at millions of free and paid hotspot worldwide. After accepting a one-time only terms and conditions (T&C) login, your Internet connections are on auto-pilot as you roam the Wi-Fi hotspot universe—even as your Ultrabook <sup>™</sup> sleeps. Combine it with Intel <sup>®</sup> Smart Connect Technology and your favorite cloud content (email, social networks, news, etc.) is automatically refreshed as you roam.	
Busine	ss-Class Wireless		
CORE 17 vPr		Supports Intel's hardware-based security and management features built into Intel® Core™ vPro™ processors and chipsets that enables IT to manage PCs virtually anywhere, anytime while reducing deployment costs, improving security and ROI.	
	Intel <sup>®</sup> Active Management Technology <sup>7</sup>	Using integrated platform capabilities and popular third-party management and security applications, Intel® AMT allows IT or managed service providers to better discover, repair, and protect their networked computing assets. Intel AMT is a feature of 3rd generation Intel® Core™ processors with Intel® vPro™ technology.	
<sup>C</sup>	Intel <sup>®</sup> PROSet/Wireless Software <sup>8</sup>	Combines simplified user interface design with advanced IT tools to improve security, reduce complexity and save IT time and money. Streamlines client deployments and allows remote management of wireless settings and profiles by IT managers.	
2	Intel Location Based Service <sup>9</sup>	Enables seamless Wi-Fi indoor location service capability for employees to see campus maps with reference to their location, locate the nearest resource (printer, conference, room, elevator, etc.), or for asset tracking.

<sup>5</sup> Intel WiFI hotspot Assistant requires an Intel wireless adapter, Intel<sup>®</sup> PROSetWireless WiFI Software v15.6 or later, and an Internet connection for initial setup with the Easy WiFI<sup>\*</sup> network.
<sup>6</sup> Intel<sup>®</sup> ViFI<sup>®</sup> Technology is sophisticated and requires setup and activation. Availability of features and results will depend upon the setup and configuration of your hardware, software and IT environment. To learn more visit:

chnology/vpro http://www.intel.com/te nttp://www.intel.com/technology/pto 7 Requires activation and a system with a corporate network connection, an Intel® AMT-enabled chipset, network hardware and software. For notebooks, Intel® AMT may be unavailable or limited over a host OS-based VPN, when connecting wirelessly, on battery power, sleeping, hibernating or powered off. Results dependent upon hardware, setup & configuration. For more information, visit <u>http://www.intel.com/technology/platform-technology/intel-amt</u> <sup>®</sup> Intel® PROSetV/Wreless Software may not be supported by your PC manufacturer. Check with your PC manufacturer for details on availability. <sup>®</sup> Intel® PROSetV/Wreless Software requires selected Intel wreless adapters and Intel® PROSetV/Wreless WiFI Software v15.6 or later on Intel® 4<sup>®</sup> Gen Core processor-based PCs only. <sup>10</sup> Roaming is supported only within each respective band and mode of access points.

<sup>11</sup> Some security solutions may not be supported by your PCs operating system and/or by your PC manufacturer. Check with your PC manufacturer for details on availability. <sup>12</sup> Microsoft Windows 7 and Microsoft Windows 8.

Software and workloads used in performance tests may have been optimized for performance only on Intel microprocessors. Performance tests, such as SYSmark and MobileMark, are measured using specific computer systems, components, software, operations and functions. Any change to any of those factors may cause the results to vary. You should consult other information and performance tests to assist you in fully evaluating your contemplated purchases, including the

performance of that product when combined with other products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including without limitation, liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, lifesaving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.
